

EXTENDED WARRANTY PROGRAM

LAY THE GROUND WORK

DriSteem's Extended Warranty Program provides additional coverage on factory-supplied parts for one, two, or three⁽¹⁾ years beyond DriSteem's standard Two-year Limited Warranty. The extended warranty term may be purchased until eighteen (18) months after the product is shipped, after which time no extended warranties are available:

- to allow for warranty coverage through commissioning on lengthy building projects, and
- to eliminate unforeseen expenses and lay the ground work for a manageable budget.

DriSteem specializes in humidification control designed for specific application requirements, such as short absorption, tight RH control, and web-enabled remote access.
